

## Billericay Striders 2020 Club Championship Scoring

The Club Championship is designed to encourage and recognise participation in a wide range of local running events that have traditionally been popular with members of Billericay Striders. The Championship includes cross country, road races (including all Essex championship races), the Essex Way, Billericay parkrun and member only events.

The Championship is open to first claim adult members. Points are awarded across 18 categories. Separate Championship tables are maintained for male ('M') and female ('F') members. In published race results, a runner's club must be listed as *Billericay Striders* in order to be identified and awarded points.

Points are awarded for participation in the listed events - with more points for faster times! A maximum of **1,730 Championship points** are available from categories 1 to 16 (i.e. by earning maximum points in every category), plus additional bonus points from categories 17 and 18. However, runners are not required nor expected to complete all categories during the year!

Interim male and female Championship tables will be updated and published frequently during 2020. Club Championship awards will be presented to the winners at the end of the year.
